

Les prélèvements seront réalisés le 5 avec un mois de décalage du mois de facturation.

FR 80 CAN 609282

The figure consists of seven rectangular panels arranged horizontally, representing a sequence of states over time. Each panel is divided into three horizontal regions. The top region is shaded gray. The middle region contains three vertical black lines. The bottom region is white. In the first panel, the lines are in the bottom region. In the second panel, they are in the middle region. In the third panel, they are in the top region. In the fourth panel, they are in the middle region. In the fifth panel, they are in the bottom region. In the sixth panel, they are in the middle region. In the seventh panel, they are in the top region.
